BOARD OF CITY TRUSTEES .- The City Board of Trustees met in regular session at 10 A. M. yesterday, all the members present. On motion the time for collecting the special tax for the new Pavilion was extended until Monday, August 27th. Some time since the Board ordered the following lots filled to a proper level, after the Board of Health had clared them to be a nuisance: East three quarters of lot 3, between Q and R, Fourth and Fifth streets; north half of lot 1, lots 2 and 3, south half of north half of lot 4, north half of south half of lot 4, east half of lot 6 west half of lot 6, east half of lot 7, west half of lot 7, in the block between P and Q hair of lot 7, in the block between P and Q.
Fifth and Sixth streets; south 20 feet of lot

contracts for filling these in as follows:

seat these contracts of let 2, O and P. Fourth east three-quarters of lot 3, Q and R, Fourth and Fitth, at 45 cents per cubic yard, with bond fixed at \$200; P. McHale, all the lots in block bounded by Fifth and Sixth, Q and R streets, at 45 cents per cubic yard, with bond fixed at \$500. Five dollars reward was offered for information that would lead to the conviction of parties not authorized to open a fire-plug. The Trustees of the Protestant Orphan Asylum appeared and asked that a sewer be connected with the asylum cesspool, which is in a very bad condition, endangeri the health of the inmates. The matter was referred to Trustee Neilsen. There does not appear to be enough money in the sewer fund to construct a sewer through Fifteenth street. to which this cosspool might be connected. So it is probable that Trustee Neilsen will set the chain-gang to work to dig a deep well down into the quicksand, into which the foul matter can flow. he has sent a letter to the "California Teacher," in which he says: The meaning of the decision is that public school-houses were built for the purposes of public education alone—that is, no other object was had in view of their erection—and that they are under the exclusive control and management of the Trustees and of those acting under them. In the case which called forth the decision, a certain band had determined, contrary to the wishes of the Trustees, to give a ball in a new school-house. The Trustees thought that the building and its furniture would be injured, and forbid the ball. The County Superintendent decided that the Trustees had power to forbid the ball, and appealed to this office to know whether he was right. Undoubtedly he was right.
